- Minimum Order Quantity: 1 ton
- Price: 1750
- Delivery Time: about 15 days
- Payment Terms: TT payment

Product Specification

- Temperature Resistance: High
- Rust Resistance: Strong
- Durability: High
- Length: Custom
- Thickness: 0.21-0.50mm
- Type: Steel Sheet
- Packing: Standard Sea-worthy Packing
- Scratch Resistance: High
- Highlight: **Scratch Resistant Flat Stainless Steel Plate,
Interior Decoration Flat Stainless Steel Plate,
Flat Stainless Steel Plate**

Product Description

Product Description:

Our Stainless Steel Yellowing Resistant material comes in a standard sea-worthy packing that ensures the product arrives at its destination in top condition. This product is available in various thicknesses ranging from 0.21mm to 0.50mm, making it suitable for a wide range of applications. Whether you need a Brushed Stainless Steel Strip or a Brushed Stainless Steel Plate, our product is versatile enough to meet your needs.

The Stainless Steel Yellowing Resistant material is available at competitive prices with flexible price terms such as CIF, CFR, FOB, and EX-WORK. This means you can choose the most convenient price term that suits your budget and requirements. Furthermore, the product's full hardness ensures that it can withstand any form of wear and tear, making it a reliable choice for various applications, including industrial and construction purposes.

In summary, our Stainless Steel Yellowing Resistant material is a top-quality product that offers strong stain resistance, standard sea-worthy packing, various thickness options, flexible price terms, and full hardness. Whether you need a Brushed Stainless Steel Strip or a Brushed Stainless Steel Plate, our product is the perfect choice for you. So, why wait? Place your order today and enjoy the benefits of a top-quality Inox Stainless Steel material!

Features:

Product Name: Stainless Steel Yellowing Resistant

Durability: High

Application: Construction, Decoration, Industry

Scratch Resistance: High

Hardness: Full Hard

Length: Custom

This product is perfect for:

Coloured Stainless Steel Sink

Automotive Stainless Steel

Brushed Stainless Steel Strip

Applications:

Our yellowing resistant stainless steel product is perfect for construction, decoration, and industrial applications. Its high-temperature and scratch resistance make it ideal for use in hot and high-traffic areas. The flat plate and plate shapes make it versatile for different project requirements.

In addition to its strength and durability, our stainless steel is also corrosion-resistant, making it perfect for outdoor and marine applications. Its yellowing resistance also makes it ideal for indoor applications where exposure to sunlight can cause discoloration over time.

At Tai-steel, we have a minimum order quantity of 1 ton, and our products are priced at \$1750. We offer fast delivery times of about 15 days, and our payment terms are TT payment.

Our yellowing-resistant stainless steel product is perfect for a wide range of applications. Whether you need it for construction, decoration, or industrial purposes, our stainless steel will meet your needs. Its high-temperature, scratch, and corrosion resistance make it a must-have for any project. Order now and experience the best of Tai-steel's colored stainless steel products.

Customization:

At a competitive price of \$1750, Tai-steel's Stainless Steel Yellowing Resistant product is available with a CIF, CFR, FOB, or EX-WORK price term, and payment can be made via TT payment. With a strong rust resistance and high temperature resistance, you can trust Tai-steel to deliver a top-quality product in about 15 days.

Support and Services:

Our Stainless Steel Yellowing Resistant product is designed to maintain its color and shine over time, even in harsh environments. However, if you experience any issues or have questions about the product, our technical support team is available to assist you.

We offer a range of services to ensure that your product performs at its best, including:

Product installation guidance

Troubleshooting assistance

Regular maintenance recommendations

Warranty support

Our goal is to provide you with the support you need to ensure the long-lasting performance of your Stainless Steel Yellowing Resistant product.
